

FROM THE OFFICE

PUBLIC SCHOOLS CLUB

A member of the Squadron has asked if I would bring to the attention of other members the reciprocal rights we enjoy with the Public Schools Club. Situated as it is near the city, the P S C provides a pleasant meeting place, a good dining room, and has good parking facilities. If you do decide to visit the club, I'm sure members will be made most welcome.

MOORING INSPECTION

A number of members have been reminded that mooring inspections are overdue. Frequently we find that the inspection has been done but the Office not advised. The Year Book I must confess is not clear in this regard, but the Constitution, Part IV Outer Harbor By Laws No 8 should leave no doubt.

DRESS REGULATIONS

During the Winter Racing Series the enforcement of the dress regulations in the Dining Room tends to be somewhat lenient. The General Committee gives notice that it requires a higher standard of dress to comply with the Squadron Dress Regulations, and members are asked to ensure their guests have the correct dress if wishing to use the Dining Room Bar.

MIKE DYER

S A Y R A KEEL BOAT COMMITTEE NEWS

Squadron members are reminded that the first heat of the Premier's Cup for 1st Division, 2nd Division and IOR boats will be the Kingscote Cup. Once again, participants can look forward to the excellent hospitality of the host club following the completion of the event. The first heat for 3rd Division, Dragons, Etchells, and J O G will be held on Sunday, 9th October, 83. The second and third heats will be held on Saturday, 15th October, 83 and Sunday, 16th October, 83 respectively. Details of the series have been posted on the notice-board.

The S A Y R A Lysaght Regatta will be held on Sunday, 4th December, 83. The event will start at 10 am this year and we are looking forward to an even bigger spectacle than last year's race. All classes and divisions will be catered for, and major prizes will be awarded to the winners that evening at the Squadron, commencing at 6 pm. We are pleased to have Lysaghts as our sponsor again this year, and Bill Yard has again offered BIRD OF DAWNING as the Official Boat.

It was with regret that the Keel Boat Committee learnt of the passing of Graham Brown. Graham was responsible for developing the State Handicapping System and his efforts to assist this committee were greatly appreciated. Past Commodore Tom Flint has agreed to take over the task of maintaining the State Handicapping System on behalf of the committee.

The South Australian representatives in the Southern Cross Series will be MANDRAKE (Paul Brown), BACARDI (Past Commodore Howell) and RENEGADE. They will form part of a large fleet of local boats which will head for Sydney during December.
