Safety continues to be a concern to the Committee from a number of angles. Increasing costs of mandatory safety equipment, public liability and litigation and monitoring compliance are just some of the issues being grappled with. Skippers can help greatly by ensuring their yacht and safety equipment are kept in good order and up to date. Skippers must also maintain a sound knowledge of the racing rules and their boat's handling characteristics to avoid dangerous situations developing on the water.

A final word on volunteers. This club, and particularly the racing, cannot operate without competent volunteers who conduct races, take times and calculate the results every week. The Sailing Committee urgently requires some additional volunteers who are prepared to help in these areas of race administration. If you want to help but are not sure of what's involved, just ask. My thanks to the Sailing Committee, the OOD John Ellison and his crew and to Helen Prisk and Roger Oaten who compile the results and get them on the Net each week. Special thanks also to retiring Committee members Bill Strangways and John Moffatt who have each served for 12 years or more on the Sailing Committee.

Cruising Committee Annual Report

John Wickham

Well! Another season has passed, the summer that we really did not have, the traditional good cruising weather in March and April, was a little bit windy; the Spencer Gulf Cruise experienced some windy conditions, up to 30 knots at times. Those that went still had a great cruise. With the beautiful autumn weather we had this year, I for one, wished I had planned a late cruise. Well! I do not have a crystal ball.

This will be my last *Quarterly*, as I will not be continuing on the Cruising Committee.

My two years are up again, this year, so up for re-election, with regret, I will not be nominating for election. I believe it is time for a fresh Committee. As we have three new Members, who would like to nominate for the cruising committee — John Gibson, Ian Stanley and Rod Page — I believe they will make a good Committee, thus it is good time for me to retire. Peter Williams has decided to change from the Cruising Committee to the Junior Committee. With a young family, he would be interested to nominate for the Junior Committee. Peter Davies will also be standing down, as his work commitments will be increasing, next year. Of course, Warwick Williams, who has been coopted on the committee this year, would like to remain in the same position. This will leave Bernie Matzat & Annette Guilfoyle continuing. So we may be facing an election again this year. I have enjoyed serving on the Cruising Committee for the past six years, and as Chairman for the last two seasons. I would like to take this opportunity to thank the members of the Cruising Committee for their support, especially Bernie Matzat as Treasurer and public relations — posters, web site etc — for the last
