Dear Sir,

On behalf of the Flag Officers and myself, I would like to officially thank you for making your vessel available as a "Marshalling Point" prior to the Sail Past on Opening Day this year.

By so doing, you do fulfill a very responsible position but in turn miss out on the atmosphere of the Sail Past in company. I was pleased with the standard of seamanship for the Sail Past, and you are to be congratulated not only for the performance of your Official duties but also for the turn out of your crew and vessel.

With the help of those such as yourself we will continue to raise the standard of the Club you hold in such high esteem.

Once again, many thanks.

Yours Sincerely,

M.H. Dyer
