

MAGGIE

Sail No. SA148 Hull Colour: Blue, gold trim.
LOA 35ft. LWL 28ft. Beam 10ft.5in. Draft 6ft.

The latest fibreglass 35 from the Duncanson stable. She has more beam and draft than the Ramrod-Acquarius mold and with other modifications has earned a lower handicap. Launched - July, 1973.

OWNER - J. DUNCANSON

One of South Australia's foremost yacht designers and builder. He is possibly best known for his deep keel designs in fibreglass - the Duncanson 29 and 35.

He has built some very fine wooden hulls including Balamara, Celeste III, Storm and Tirriki.

His entry for this series, Maggie, is the latest 35 footer from his board and is a 'flat-out' development from the more standard 35 footer resulting in a lower I.O.R. handicap.

John has had extensive experience in sailing in the R.S.A.Y.S. and crewed in Satyricon in the 1972 Sydney-Hobart Race.
