Little appears to be known about the early history of this superb example of the 1940s gentleman's launch, which is first noted being for sale by S. C. Leverton of New Norfolk in July 1946. She was first registered at Port Adelaide in 1975, when owned by Lars Stenhall, and her register was closed in 1987. By that time she was in Tasmanian waters, this photograph being taken in Storm Bay during the start of the Tall Ships Race to Sydney in January 1988. Her current owner is M. W. Grimwood.
