★ ASK ABOUT THE NEW KODEN COLOUR NET MONITOR NOW!

NEW KODEN RADAR

THE AFFORDABLE 24NM MD3400 GUIDES YOU THROUGH THE NIGHT - AND DAY!

Nothing gives you more confidence than the friendly green glow of your Koden radar when, outside, it is dark and unfriendly. You'll be visually and audibly warned of ships, coastline and dangerous situations, long before they become a threat and, knowing, avoid them - even in rain and fog.

The MD3400 features a very small antenna - for small craft - and a Power Save mode for yachts. You can set ranges from 1/8 NM to 24 NM, select Head-, North- or Course-Up, adjust screen brightness. **Now enjoy the safety of Koden reliability.**

ALSO NEW, KODEN MD3430 1/8-48NM RADAR!

NEW KODEN GPS KGP-910

Displays your precise Lat/Lon every second of the day ... and all your Nav info, plus course to next waypoint and actual track taken. The KGP-910 even stores marks with word notes and allows you to set or change all data whenever it is required.
