

# D'ALBORA MARINE

## John Pugh 65 Ketch

LOCATION | The Spit, NSW

JOHN PUGH DESIGNED 65 ft STEEL KETCH

From the legendary John Pugh design house comes Irene's Endeavour - a beautifully appointed, heavy weather capable, blue water explorer.

Built in Fremantle's Gosnell yard in 1986, this blue water cruiser was built to last with the condition and presentation a testament to the current owner meticulous maintenance.

With accommodation to sleep 9 in berths (lounges covert for extra), the GA is set up perfectly for both living aboard or extended cruising in comfort. With multiply living & mess areas the yacht could also be set to accommodate professional crew separate to the guest areas.

The hearty Perkins 6-cylinder 240hp diesel engine will cruise at 6knots (on engine alone) while consuming around 7LPH giving this ocean going beauty a massive range of over 2000nm.

Her condition for age, along with the solid build and feel of Irene's Endeavour makes her an outstanding option with many ocean going miles and explorations in her for years to come.

- Generous 5 Cabins with 9 berths.
- Fully appointed Galley with large fridge and freezer. Weber BBQ mounted on aft deck.
- 85% of internal steel hull is accessible for maintenance. No known corrosion.
- New B & G electronics suite Zues3 with 12" MDF & wind gear.
- Furling Headsail, Furling Staysail ? 2017 Grand 3.3m inflatable with 25hp Yamaha plus 4hp back up.
- Furling headsail & staysail.
- Major refit in 1999/2000 with full repaint.
- Extremely neat and tidy engine room with good working access.
