morning mischief is now in our work shop
mast removed
keel being dropped for service inspection new keel bolts etc.
internal loose fit out removed for rework
engine will be removed for rebuild overhaul April
she will be repainted with major re-fit including hard dodger targa frame and fleming selfsteering.
12 sails removed for assessment
we have decided to set her up for serious off shore adventure!
and she will be up for sale – after we have sailed her for a bit.

Morning Mischief is now in the final stages of refit.
She will be ready for relaunch early in the new year.
We are now taking expressions of interest for her sale.
The final set up is customisable to the new owners liking.

Hi Will,

Do you have some photos of her? I grew up on Morning Mischief when she was owned by my Dad, Richard Cavill and based in SA. Would possibly be interested. I imagine she is looking a bit tired now?
