COVER PHOTO : The late Norman C Howard's NERIED photographed by the owner in 1942 shortly after she was launched. NERIED was a 7.3m (24') overall low wooded Derwent Class sloop. The hull was purchased from Tasmania and fitted out at Searles. She did not have a motor and was kept at No 3 Basin in the Port River. Our thanks to Ian Moncrieff for donating this and some other photos of NERIED to the Squadron.
