----------	----------	----------

CONSTITUTIONAL CHANGES

Following the recent changes to the Rules and By-laws of the Squadron, and prior to the ending of the Squadron financial year, it is opportune for members to consider these changes and how they effect existing Associate members and Junior members within a family.

As the cost of Associate membership has substantially increased, you should consider the benefit of Family membership.

Members who wish to apply for a transfer to Family membership must do so through the office, and these applications can be accepted now. Please do not wait until you receive your subscription notice before you start thinking about it.

CONSTITUTIONAL CHANGES

All the new Associate applications, plus transfers, are going to produce a heavy work load for the office staff as it is, so I would seek your co-operation in making the changes go as smoothly as possible.

The current cost structure is set out below, but will be subject to some increase for the forthcoming year - to be set at the March meeting of members.

Family	\$210
Full Member	\$166
Associate	\$70

M H DYER
